

## Transurethral Laser Ablation (TULA® ) Dr. S.Agrawal

International TULA® Workshop 2022 London/UK  
Learn how to use TULA® procedure  
Faculty : Dr. Agrawal

In the treatment of recurrent bladder tumours, the TULA method provides a truly minimally invasive approach. The TULA technique is a gentle and truly ambulatory method that can be used with flexible cystoscopy even without anaesthesia.

In conjunction with our partner Promed, biolitec offers the following dates to interested urologists:
